
IP-assignment-conflict-of-interest

IP Assignment + Conflict of Interest Declaration

IP Assignment (all members sign)

- I assign to the BOLTE collective (pre-incorporation, held in trust by co-founders) all IP I create within BOLTE scope, including code, designs, docs, inventions, data, demos.
- I will disclose inventions promptly, assist filings, and not file independently.
- Moral attribution retained; economic rights assigned. Prior IP listed in Schedule A is excluded.
- Survives exit. Consideration: membership + profit participation per equity model.

Schedule A (prior IP): [member lists pre-existing IP or "none"].

Conflict of Interest (also satisfies NASS declaration)

- I declare any relationship with NASS judges/organisers, sponsors, or competing teams: [none / describe].
- I will update this declaration if circumstances change before 28 Nov 2026.
- Third-party IP used in AeroPulse-NG is limited to MIT/Apache-licensed deps + owned work; no infringing material.

Sign + date per member. Attach to MOU.
